BARN DOOR HARDWARE & KITS

Adding the finishing touches to any renovation or decorating project can complete a homes look. Hardware plays an important role in enhancing the style of a space. With a multitude of choices available, factors to consider can include how well a particular style or Finish complements the overall design theme and how the hardware will function within the space relative to other important decor items. Hardware is like adding jewelry to a room, the personality that makes the room reflect the home owners style and interests.

ALLURE

Table of Contents

NEW ## ALLURE HARDWARE KITS (80 LBS)

The Allure Barn Door Hardware Kit helps complete your look with bent strap hanging hardware in a matte black finish. The two piece track, allows for a smaller package than traditional barn door hardware. The kit is suitable for doors weighing up to 80 lbs.

- Kit includes matte black bent strap hangers, two piece 78-3/4" track, dampers and hanging hardware for one barn door weighing up to 80lbs
- Matching acetal wheels with full metal sealed ball bearings provide excellent strength and durability and ensures a smooth and quiet glide action
- Left and right track stops include dampers to minimize door slamming and rattling
- Suitable for barn doors 1-3/8″, 1-1/2″ and 1-3/4″ thick
- Matte black hardened steel factory finished, ready-to-install
- Handle sold separately

NEW ## CADIUM HARDWARE KITS (150 LBS)

The Cadium Barn Door Hardware Kit is available in bent strap or straight strap hanging hardware, allowing you to customize the look of your door. The kit is suitable for doors weighing up to 150 lbs.

- Kit includes 78 3/4 ″ or 96″ hardened steel track, hangers and hardware for one barn door weight up to 150lbs
- Improved end stop eliminates hanging hardware location issues
- Wheels provide excellent strength and durability as well as smoothness of travel along the track
- Suitable for 1-3/8" thick doors weighing up to 150lbs (68 kg)
- Matte black hardened steel factory finished, ready-to-install
- Handle sold separately

EASY CLIP™ SOFT CLOSE MATTE BLACK HARDWARE

EASY CLIP SOFT CLOSE MATTE BLACK HARDWARE · **250 LB**

EASY CLIP
SOFT CLOSE
INSTALLATION
INSTRUCTIONS

This hardware is designed to be mounted to the back of an existing Barn Door flat track. The left and right sided hardware are each mounted at the ends of the track to provide soft close and soft open operation of the door.

- Low profile attachment is concealed behind the track and does not affect the look of your hardware
- Kit includes 2 Easy Clip Soft Close attachments for both ends of your track to open and close quietly and effortlessly
- Installs in minutes to most flat track barn door kits.
- Mounts directly to your previously installed hardware
- On 18"Biparting doors, the Easy Clip Mechanism can only be used to ether soft open or soft close

CONTINENTAL

BARN

COLLECTION

CONTINENTAL BARN DOOR COLLECTION

Ever since Renin invented the sliding mirror closet door in the 1960s, our company has been leading the way for new and innovative door designs that bridge different styles together.

Barn doors can create a unique focal point in any interior space whether they are used as a room divider, a passage or a closet door.

Renin's Continental doors are *inspired* by the *simplicity* and *functionality* of Scandinavian design.

This contemporary door design features a *frosted glass insert* which allows natural light to enter into the room.

• For use with closets, as room dividers or passage doors
• Optimal for openings 28″ - 34″ for 36″ wide doors, and 34″ - 40″ for 42″ wide doors
• Ideal for any room or opening in your home or office
• Matte Black Hardware included
• Factory finished, ready to install
• Available door sizes: 36″ x 84″ x 1 3/8″
                            42″ x 84″ x 1 3/8″ (Sussex)

BROWNSTONE

BARN

COLLECTION

BROWNSTONE BARN DOOR COLLECTION

Subtle design features including knots and fine grain detail, Renin's Brownstone collection's *authentic* wood detail is an *ideal* alternative to traditional barn doors. The *easy* to maintain and *ultra* stable engineered wood core is *meticulously* wrapped with an *easy* to clean surface.

Brownstone is a modern interpretation of traditional wood barn doors.

- For use with closets, as room dividers or passage doors
- Optimal for openings 28″ - 34″ for double 18″ wide doors, 36″ wide doors, and 34″ - 40″ for 42″ wide doors
- Ideal for any room or opening in your home or office
- Matte Black Hardware included
- Factory finished, ready to install
- Available door sizes: 36″ x 84″ x 1 3/8″
                            42″ x 84″ x 1 3/8″ (Stone Off-White)

CLOSET ORGANIZER

ACME Closet Shelf Systems are designed to provide high quality alternatives to standard unfinished closet shelves. Our systems feature prefinished shelving components that are easy-to-clean.

acmesystemsandhardware.com

1-800-493-5263

5/32″ (4 MM) THICK CLOSET SHELF & HANGER BAR SYSTEM

FINISH

Bright White

Arctic Silver

FEATURES

- 4820 Closet Shelving and Organizer System requires no unsightly cleats and no painting after installation.
- A wide variety of configurations can be designed from these modular components, each custom-manufactured for precise fit.
- The system is designed for multiple closet and linen shelf installation in multi-family housing units and provides a higher quality than standard board shelves.

The ACME 4820 Shelf with Hanger Bar System offers a wide variety of configurations, each custom-manufactured for precise fit. A rugged vinyl cap snaps over the hanger bar sliding surface to promote easier hanger movement and excellent resistance to scratches. We recommend a center brace shelf support with hanger bar (48230) for shelving in excess of 4 ft (1.22 m) long and one for each additional 4 ft (1.22 m).

We recommend shelving that is prefinished measuring 5/32″ (4 mm) thick and 12″ (305 mm) or 16″ (406 mm) deep assembled together with plastic moulded end brackets and prefinished roll-formed steel shelf edges. For best performance use board with both sides prefinished.
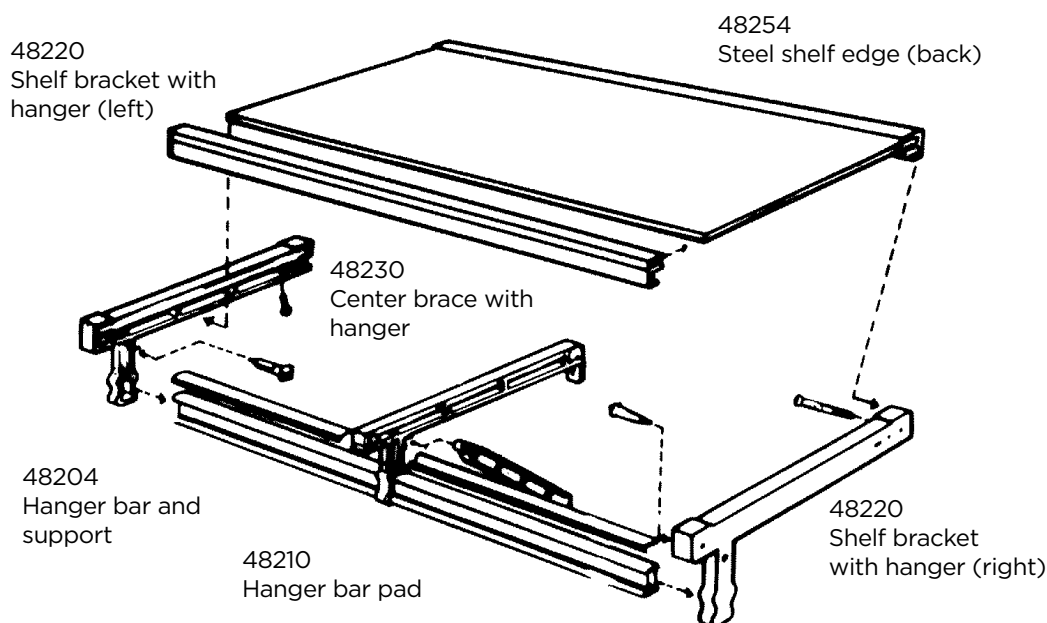

5/32″ (4 mm) prefinished panel shelf board is recommended to be finished with steel shelf edge (front and back). Shelves are not included.

MATERIAL	TYPICAL SHELF DEPTH	CLOSET WIDTH
Plastic & Steel	12″ (305 mm) or 16″ (405 mm)	Available for any closet opening width. Support with center brace for shelving in excess of 4ft (1.22 m)

4820 CLOSET SYSTEM COMPONENTS

5/8˝ (16 MM) THICK CLOSET SHELF & HANGER BAR SYSTEM

FEATURES

- The ACME 4830 Shelf System is ideal for residential housing. All fastening hardware is hidden and easily installs, requiring no painting of shelf supports.
- Available in white plastic with matching hardware, accessories and options.
- The system is designed for multiple closet and linen shelf installation in multi-family housing units and provides a higher quality than standard board shelves.
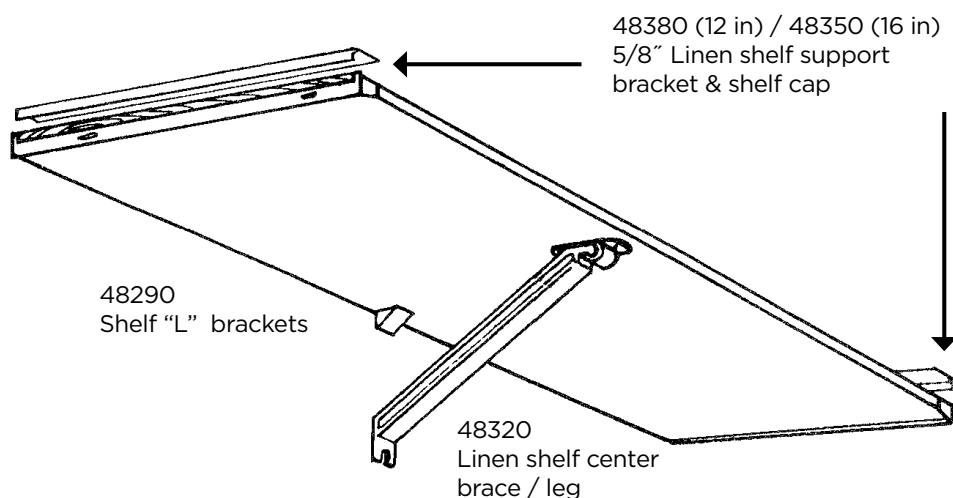

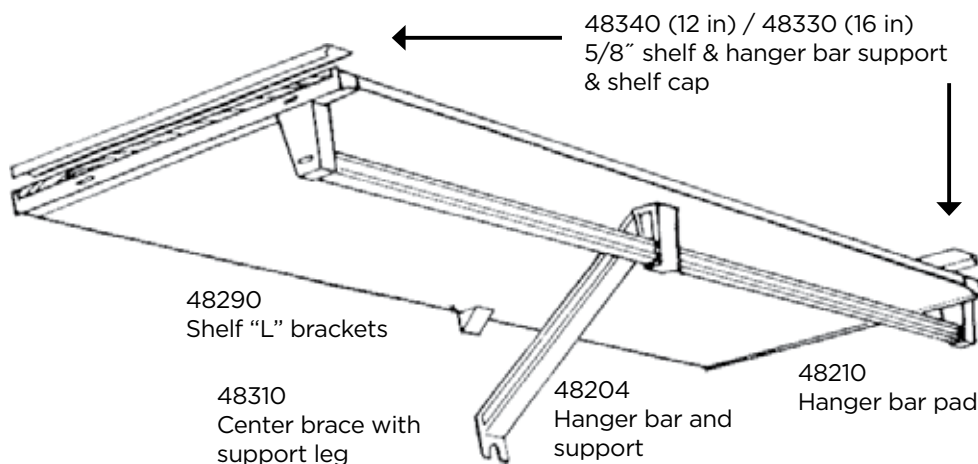

The ACME 4830 Shelf with Hanger Bar System offers a wide variety of configurations, each custom-manufactured for precise fit. A rugged vinyl cap snaps over the hanger bar sliding surface to promote easier hanger movement and excellent resistance to scratches. We recommend a center brace shelf support with hanger bar (48310) for shelving in excess of 4 ft (1.22 m) long and one for each additional 4 ft (1.22 m).

For best performance use board with both sides prefinished. We recommend a center brace shelf support (48310) for shelving in excess of 4 ft (1.22 m) long and one for each additional 4 ft (1.22 m). Shelves are not included.

PANEL DIMENSIONS

To determine panel width:
Panel width = known finished opening width divided by number of panels, less 1/4"

To determine opening width:
Opening width = known finished panel width plus 1/4," multiplied by number of panels
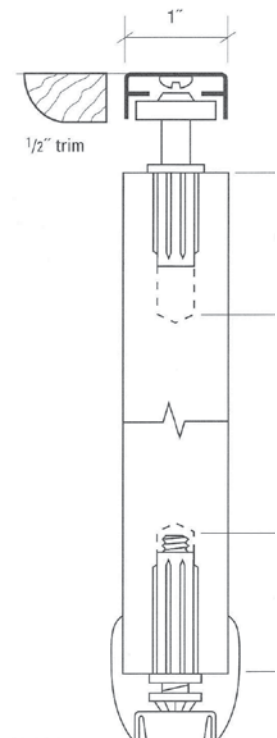

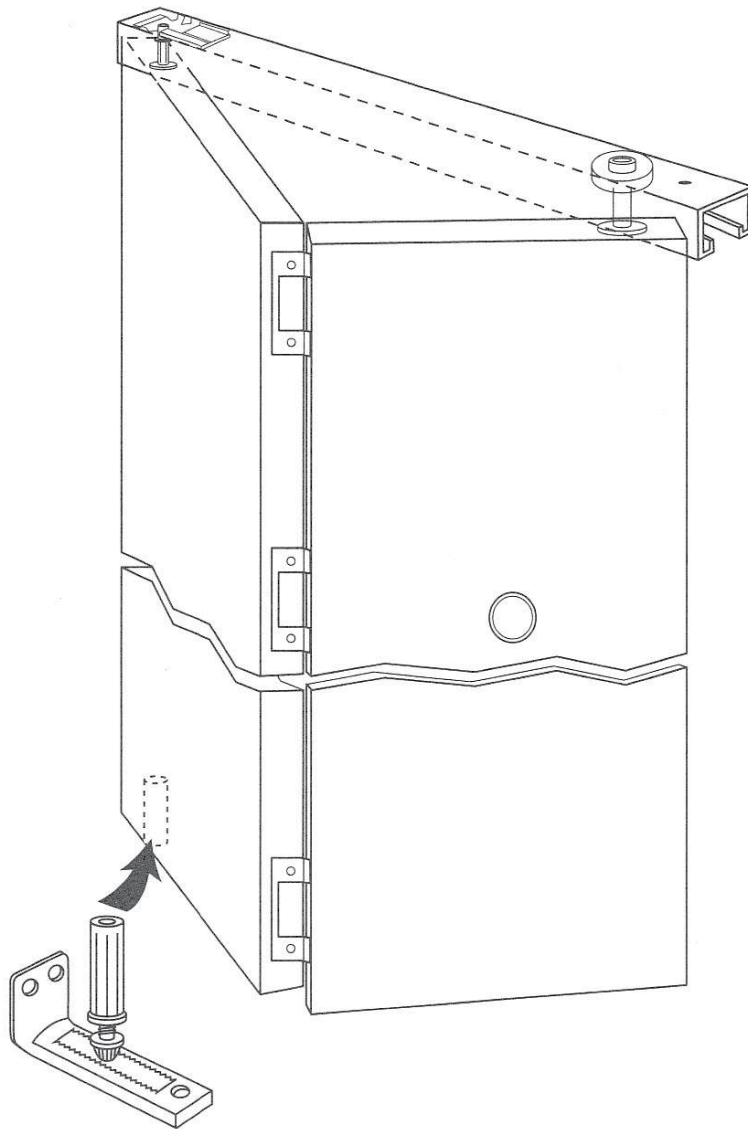

Door Height:
= 1 3/4" less than finished opening height

FEATURES

• Spring loaded top pivot and roller guide for easy installation

• Permanently lubricated roller guide

• Durable pre-painted track

• All metal components galvanized against corrosion

ANSI REFERENCE:

Conforms to ANSI A156.14 type 08622

3-WHEEL SOFT CLOSE POCKET DOOR HARDWARE KIT

POCKET DOOR INSTALLATION INSTRUCTIONS VIDEO

FLAT 3 WHEEL SYSTEM SOFT CLOSE ASSEMBLY	
WEIGHT	PART #
22–44 lbs (10-20 kg)	HWSCF6340-3WBB1020
44-88 lbs (20-40 kg)	HWSCF6340-3WBB2040
88-132 lbs (40-60 kg)	HWSCF6340-3WBB4060
132-187 lbs (60-85 kg)	HWSCF6340-3WBB6085

Designed to install quickly and discreetly onto most existing flat wheel tracks to ensure a smooth and gentle close action.

3-WHEEL SOFT CLOSE KIT

• Ideal for sliding, bypass, bi-part and pocket door applications

• High quality acetate ball bearing, flat 3-wheel trolley and hanger system

• Add as part of your existing application or new build solution

• Kit includes the soft close mechanism, the soft close trigger/actuator arm, trolley, door hanger plate with steel catch, trolley and door hanger plate with steel catch

• Add soft close functionality to sliding door applications

• Soft close smoothly causes the door to brake and then the mechanism pulls the door into its final closed position

• Soft close minimizes door rattle and slam

• Soft close prevents possible door, jamb and wall damage when the door is slammed closed

• Soft close keeps the door closed and prevents the doors from moving due to any track slope

4-WHEEL SOFT CLOSE POCKET DOOR HARDWARE KIT

4 WHEEL SYSTEM SOFT CLOSE ASSEMBLY	
WEIGHT	PART #
22–44 lbs (10-20 kg)	HWSCF6420-4WBB1020

• High quality acetate ball bearing 4-wheel trolley and hanger system

• Add as part of your existing application or new build solution

• Kit includes the soft close mechanism, the soft close trigger/actuator arm, trolley, door hanger plate with steel catch, trolley and door hanger plate with steel catch

•   Add soft close functionality to sliding door applications
•   Soft close smoothly causes the door to brake and then the mechanism pulls the door into its final closed position
•   Soft close minimizes door rattle and slam
•   Soft close prevents possible door, jamb and wall damage when the door is slammed closed
•   Soft close keeps the door closed and prevents the doors from moving due to any track slope

CAPRI

LED

FRAME TYPE
LED Illuminated Mirror

FRAME SIZE	
INCHES	CENTIMETERS
24″ x 32″	60.96 cm x 81.28 cm

FEATURES
• On/off sensor touch light with dimmer control
• Great for use in bathrooms, bedrooms and common areas
• Illuminated mirror provides balanced lighting
• Mounting hardware included
• 5 year warranty
• Hardware installation required

Overhead lighting casts deep shadows making it ineffective for shaving or applying makeup. Illuminated mirror emits light at eye level. It is an even amount of light which highlights all areas of your face and it also provides great task lighting.

Smart Solution: LED lights uses at least 75% less energy compared to incandescent lighting and lasts 25 times longer than incandescent lighting. If used for 12 hrs a day LED lights would last for more than 12 yrs. That's smart long-term energy savings and significant replacement cost savings.

CAPRI 200169

LED illuminated frameless mirrors make any space feel modern, light and bright. A well-placed mirror makes the most of a room's natural light, enhances views and can visually open up spaces to create new height and depth. Renin Backlit Mirror includes a fully enclosed powder coated slim design metal cabinet with a silicone gasket around the perimeter. LED lights are wrapped in a silicone gasket which protects against moisture related issues. Silicone does not discolor, haze or break down over time. LED strip is firmly secured inside a metal channel that keeps the LED strip in place which does not create shadow lines through the mirror face. Mounting hardware including screws, anchors, and bubble level.

WARRANTY INFORMATION

5 YEAR LIMITED WARRANTY

Renin warrants all wall decor, door components & hardware for its barn door, sliding, bypass, bifold, pivot and overlay doors against defects in workmanship and materials subject to ordinary wear and tear, for the limited life of these products. This includes door frame components, top tracks, top guides, bottom rollers, pivot hardware and hinges. Further, Renin warrants all safety backed mirror against defects in material and workmanship for a period of five (5) years from the date of purchase. This warranty shall not apply if damages are due to abuse, mishandling, improper installation or use; incidental or coincidental water and/or moisture exposure or foreign matter which includes drippings from ceiling materials or paint; or materials placed on the back or edges of product by others; or requirement / treatments applied or mirror failure which includes black edge, discoloration and slight hardware rusting when installed within five (5) miles of the ocean.

This warranty does not extend to any labor charges incurred in the initial installation, the removal, re-installation or replacement of any defective products or parts thereof. In the event of a defect, malfunction or other failure of the product to which this warranty applies, Renin will remedy the failure or defect, without charge to the consumer within thirty (30) days from the actual receipt of the product, or refund of the purchase price at Renin's discretion.

To obtain performance under this warranty, the consumer should contact our Customer Service Department at 1-800-493-5263, between 8:30 am and 5:00 pm EST, Monday to Friday. This limited warranty is given to the original purchaser only, and is in lieu of all others including the implied warranty merchantability and fitness for a particular purpose and excludes all incidental or consequential damages. Some states do not allow limitations on how long an implied warranty lasts, return of merchandise, or the exclusion or limitation of incidental or consequential damages. Therefore these limitations may not apply to you. Should you have any questions, contact our Customer Service Department at 1-800-493-5263.
