POCKET DOOR SERIES COMPONENT HARDWARE

Tailored for contractors, fabricators, door/trim installers, do-it-yourself installation and/or repairs, Renin's pocket door hardware can change the appearance of your doors or refresh existing hardware that has worn out over the years. There's nothing more satisfying than a seamless door installation process and our long history crafting hardware means we can accommodate the most unique and unusual hardware specifications, while maintaining the door's integrity and keeping the instructions simple for any installers or homeowners.

ABOUT RENIN

Renin designs and manufactures innovative interior sliding doors and hardware systems across North America, Europe, and around the world. Since we first invented the sliding mirror closet door in the 1960s, our legacy of innovation has endured, leading us to become one of the largest interior sliding door and hardware manufacturers in North America. Through our dynamic global supply network and local manufacturing operations in the United States and Canada, we supply wholesalers, builders, fabricators, and retailers with a **complete systems and hardware and components for Pocket Doors, Closet Doors, Barn Doors, and Room Dividers.**
